## **Nash Drive reconstruction to begin June 15**

THE COLONY, Texas — As part of the city's Phase V Street Reconstruction project for the 2015-16 budget year, roadwork on Nash Drive will begin Monday, June 15.

Starting Monday, Nash Drive will be one-way eastbound from John Yates Drive to Miller Drive. Over the course of the project, the roadway in front of Peters Colony Elementary School will be reconstructed first followed by the section from Miller Drive to Paige Road.

Phase V Reconstruction, scheduled for June 2015 to July 2016, consists of three projects: Nash Drive from John Yates Drive to Paige Road; Ragan Road from North Colony to Ragan Place; and Roberts Drive from Blair Oaks Drive to John Yates Drive. These residential streets will be reconstructed with reinforced concrete pavement to the same width as the existing roadways. Sidewalk and driveway returns within street right-of-ways will also be reconstructed, as well as storm drains, water and wastewater mains, and street lights. Total cost of the Phase V project is \$3.2 million.
